Providing First Class Custom Design

Features:

- Better engineered for strength and durability (3000-4000# load cap).
- 14 gage top with box welded construction and welded center support.
- 16 gage wrapper with box welded construction.

Pinnacle base shown with radius single end panel.

End Panel and Mouse Hole Covers

One of the most annoying things is trying to hide the holes at the end of banks after it is moved or reconfigured. Our mouse hole covers and end panels simply bolt on the end of your bank for a clean look.

Pinnacle Slot Base - #PN1101
Shown with Mouse Hole Kit
Dimensions: 18Dx28Wx18T

Pinnacle Slot Base - #PN1101
Shown with End Panel
